

Constructive and Destructive Forces WebQuest

IMAGINE

You have identified a problem and a possible solution. Can you build a working model or a prototype? Brainstorm a few ideas with your team, then circle the ideas you like best.

Variations to Explore			
What is the purpose of your design?			
What will your design look like?			
How will it work?			
What materials will you need?			
Will you need to find an adult to help you? If yes, in what way?
